SAFE DRINKING WATER FOR
100 VILLAGES

Our dream is to transform the lives of 100,000 people by improving accessibility to safe drinking water in 100 villages in rural India.

Ministry Projects

Imagine you are a member of the lowest caste, living in abject poverty, unable to protect your children from disease because the only water you could provide wasn't safe to drink. There are millions of people in rural India in this situation and we can make a difference so easily.

Our dream is to transform the lives of 100,000 people by improving accessibility to safe drinking water in 100 villages.

Families in the poorest villages currently rely on overhead water tanks, open wells or lakes, all prone to contamination through animal excrement or stagnation. These sources also tend to completely dry up in the summer months. Most people have to travel up to 12km to collect water.

Missionary Eternal India is working to provide safe drinking water for some of India's poorest families in rural Andhra Pradesh. In 2018 we were able to fund 29 wells bringing safe drinking water to 37,700 people.

Find out more, read stories about the well's impact on each of the villages and browse through photo galleries on our on-the-ground partners page [here](#).

These new wells offer easy access to safe drinking water in the heart of each community, reclaiming thousands of lost hours given to water collection and water borne disease. This means that adults in the community can focus on industry while children can concentrate on gaining an education, helping to secure a future free from poverty and disease.

It only costs £2.50 in India to provide 1 more person with Water for 10 years! That's only £2,500 to transform a whole village!

Here are photographs of one of the wells funded by a generous donor through Missionary Eternal Corp

Discipleship Training Center:

For this reason, Pastor Stephen has a burning passion to train up youth and men as preachers to preach the Gospel to the unknown people. to train up some Evangelists on behalf of Gospel to the perishing souls ministry to send them to the far corners of INDIA, to preach the word of God. For this we need some establishment and funds to start the Bible School. To train up a candidate we need support to give food and cloths, lodging etc. Per month \$ 50/- dollars needed Per 1 student. Our desire is to provide training to 25 members And 10 families.

- To help them to know their god given calling and to fulfill the divine destiny
- To help them to live a faith based life with integrity.

Church planting

Church Planting is our main focus since the church is the place where we can bring different people to God's presence. Our ultimate outcome is seen as church planting. We go every village and towns with God's guidance and preach the Gospel in different dimensions. We do street preaching in villages, conducting cottage prayers to share the love of God. We distribute the Gospel tracts and start sharing God individually. Since we go as teams, we stress personal Evangelism. Many places we conduct programs, music nights to share love of God. We have already started 26 worship centers in different villages. All our missionaries were gone through our faith based training from the grassroots' level and were equipped as native missionaries in the villages where they have to forget their privileges. We are conducting worship in temporary houses. We pray that God will enable to have church buildings.

Revival and Crusades

"**THE HARVEST TRULY IS PLENTIOUS.**" **Matt 9:37**
Yea, so have I strived to preach the gospel, not where Christ was named, lest I should build upon another man's foundation: "Roman 15:20

Brother Stephen Prasad has a great desire to do the Lord's work among the Gentiles. I want to introduce about the importance of Crusades.

You can see our country India is dying in the religion of Communism and in the heathen darkness, and until this day millions of people have not heard the word of the Living God even once. So, it is our burden to save our religion people and our country of India people. Why because still they are believing Idols, Gods * Goddesses, Rocks, Trees, Animals, Devils etc., So with much burden we are conducting REVIVAL CRUSADES, CAMPAIGNS AND SEMINARS to bring people for our Lord eternal Kingdom. We can bring thousands of people of souls to Christ through conducting REVIVAL CRUSADES. Whenever the Lord provides us help we are conducting Revival Crusades in various places. Through this Crusades communists, backward people, Rural folks and Idol worshippers (Hindu) are knowing about the Good News of the Bible and the Living God, and are accepting Jesus Christ as their personal saviour. Sick are healed and witnessing to saviour Jesus Christ. When we are conducting these

crusades we are providing good food, lodging, Tent expences, Electrical expences, seating arrangements for the people those who are attending the crusades. For this it cost us some times \$ 20000/- dollars, some times \$ 25000/- and according the attending people for the crusades, some times \$ 10000/- or \$ 15,000/- dollars. In this way we have conducted many crusades in various places.

Please share the burden and pray about to conduct many more crusades in other parts of India. If any Gods children come forward to contribute for the above expenses unto extant our Lords ministry in these evil and last days, we will appreciate them and we will conduct more crusades to glorify our Lord Jesus and to bring ever lasting blind people, living in the darkness souls for our Lord eternal Kingdom. Kindly extend your helping hands in this matter of Revival Crusades. Pray for the Crusades will be conducted successfully to change this Hindu Nation as our Christ's Nation.

"A LABOURER IS WORTHY OF HIS REWARD ." 1 Timothy 5:18.

What a missionary needs?

Literally we see missionaries starving, having no basic needs, no enough money to make their life. All a missionary wants to do is to evangelize. They are committed, dedicated having Gods call. In Indian context a missionary don't involve in major business to make money. Rather, we spend the valuable time to do Gods Business. So, this is our responsibility to support them as they are on the field.
